

# Product Information

## DEAC-dUTP, lyophilized powder

**Catalog Number** 40059

**Unit Size** 25 nmole

**Molecular Weight** 762

**Color and Form** Light yellow solid

**Absorption/Emission** 426/480 nm

### Storage and Handling

Store DEAC-dUTP at -20°C or -70°C, protected from light. When stored as recommended, product is stable for at least 6 months from date of receipt.

### Product Description

Fluorescent conjugates of dUTP can be used for detection of apoptotic cells by direct fluorescence TUNEL labeling of DNA strand breaks in cells<sup>1</sup>, and can be used in place of dTTP in standard DNA labeling and synthesis protocols to generate fluorescent dsDNA and oligonucleotide probes.

Note: The product is not compatible with PCR applications.
